# ABOUT COMPANY

---

BAU Solutions Limited is proud to support the mining and industrial sectors by providing reliable equipment supply and servicing. We specialize in overhauling final drives for loaders and personnel carriers, servicing cylinders, custom hose fabrication, conveyor and crusher services, centrifugal multistage underground high-velocity pumps, rock breaker servicing etc. Our goal is to help companies achieve their operational objectives effectively.

We also offer BAU (Business As Usual) services to ensure seamless business operations. Understanding the importance of uninterrupted workflows, our experienced team provides tailored strategies and dependable support to enhance operational efficiency.

At BAU Solutions, we focus on delivering real value that meets the unique needs of each client. Let's work together to help your business thrive in the mining industry and embark on a successful journey together.

---

# WHAT WE DO

We specialize in offering comprehensive services that encompass:

- **Equipment Maintenance and Overhaul:** We specialize in overhauling final drives for loaders and personnel carriers, ensuring your equipment operates at peak performance.
- **Cylinder Servicing:** Our team provides expert servicing of hydraulic and pneumatic cylinders to maintain efficiency and reliability in your operations.
- **Custom Hose Fabrication:** We create high-quality, custom hoses to meet the specific needs of your mining equipment.
- **Conveyor and Crusher Services:** Our comprehensive services ensure that your conveyor systems and crushers are running smoothly and effectively, minimizing downtime.
- **Centrifugal Multistage Pump Services:** We service centrifugal multistage underground high-velocity pumps to ensure optimal performance in your operations.
- **Rock Breaker Servicing:** Our technicians are skilled in servicing rock breakers, keeping your equipment in top condition for demanding tasks.
- **Field Support:** Our experienced team is available for on-site assistance to quickly address any equipment issues, helping you maintain productivity.
- **Project Management and Draughting:** We offer project management services and detailed draughting to support your operational needs.
- **Civil, Structural, Electrical, and Mechanical Work:** Our skilled professionals are equipped to handle a variety of civil, structural, electrical, and mechanical projects.

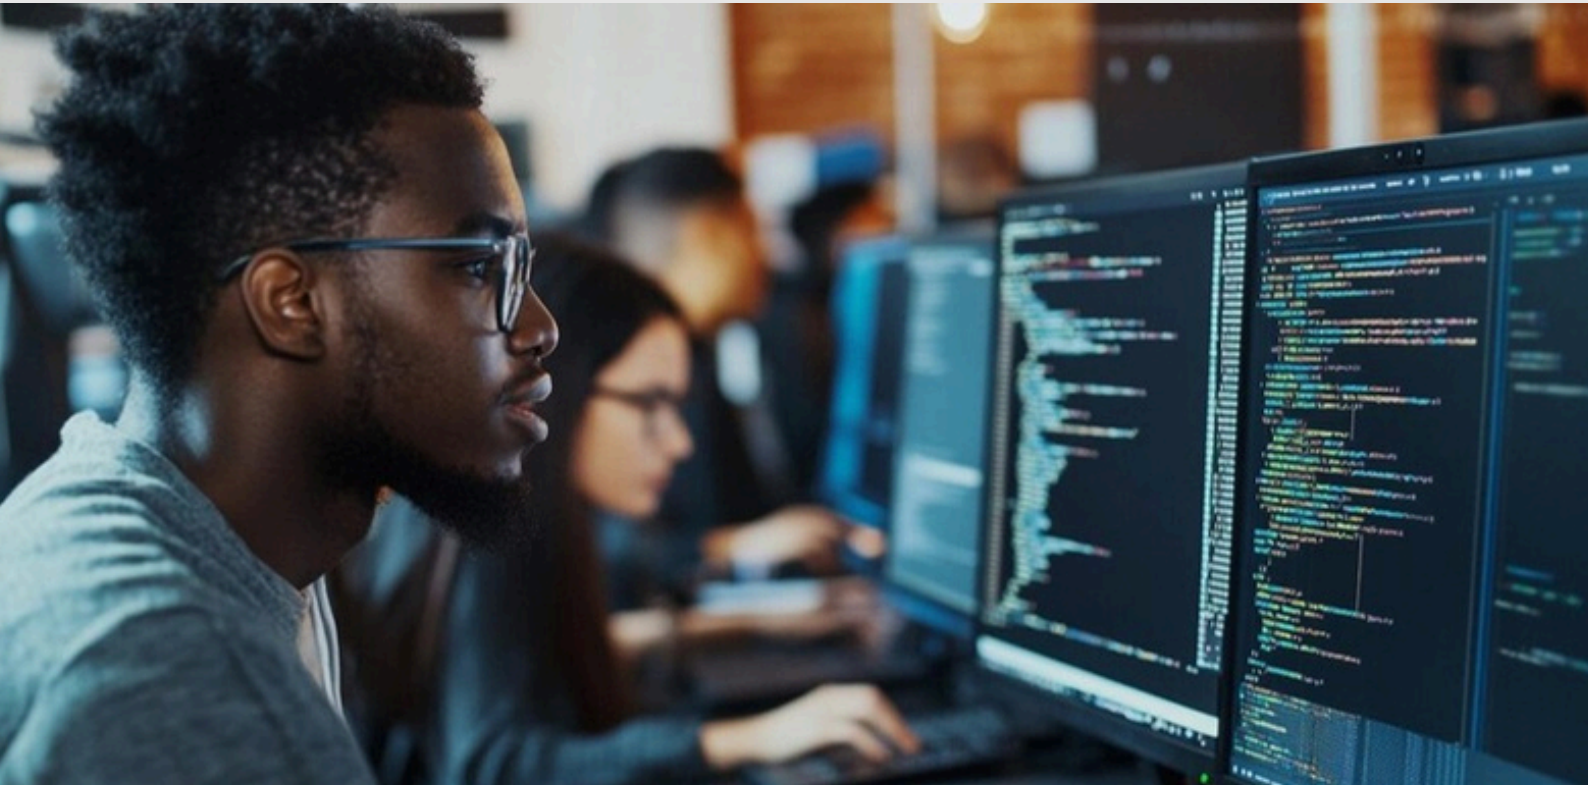

- **Filtration Systems for Fuels and Lubricants:** We design and install effective filtration systems to ensure the quality of your fuels and lubricants.
- **Spillage Clean-Up:** Our team is trained to manage and execute spillage clean-ups to maintain a safe working environment.
- **Fuel Management and Maintenance Systems:** We provide solutions for fuel management and maintenance, optimizing your operations.
- **Fluid Control Meter Calibrations:** Our services include the calibration of fluid control meters to ensure accuracy and efficiency.
- **Installation and Commissioning of Lube Equipment:** We handle the installation and commissioning of both automatic and manual lubrication equipment, ensuring proper setup and functionality.
- **Depot Maintenance and Tank Cleaning:** Our team offers comprehensive depot maintenance and tank cleaning services.
- **Lubrication and Lube Workshop Set-Ups:** We assist in setting up lubrication and lube workshops tailored to your operational requirements.
- **Heavy Equipment Machinery Overhauls:** We provide complete overhauls for heavy equipment machinery, ensuring longevity and reliability.
- **Supplier of Underground Loader Spares:** We supply high-quality spares for underground loaders to keep your operations running smoothly.

**We specialize in the repair of:**

- **Final Drives**
- **Cylinder Actuators**
- **Multistage Centrifugal Pumps**
- **Compressors**
- **Loaders and Personnel Carriers**
- **Metal Fabrications**
- **Rock Breakers (both mobile and pedestal)**
- **Conveyor and Crusher Services (Material Handling Equipment)**
- **Fluid Metering Devices**

We also specialize in offering comprehensive BAU services that encompass:

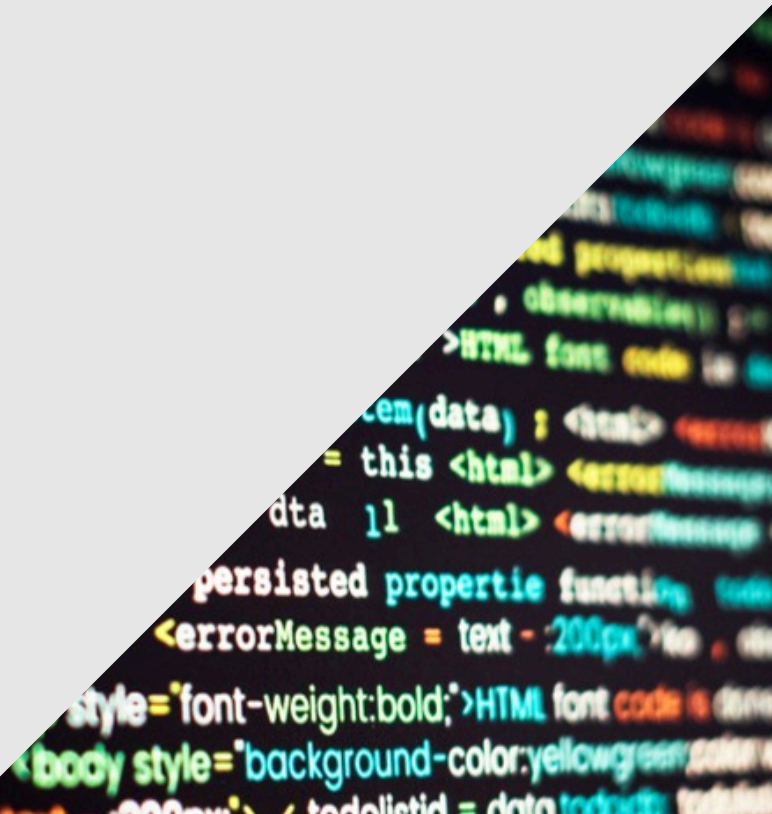

- **IT Infrastructure Management:** Ensuring your IT systems are robust, secure, and always operational
- **Application Support:** Providing round-the-clock assistance to maintain and optimize your essential software applications.
- **Business Continuity Planning:** Designing and implementing strategies to mitigate risks and ensure continuity during unforeseen disruptions.
- **Process Automation:** Streamlining workflows through innovative automation solutions to improve productivity and reduce costs.
- **Cybersecurity Solutions:** Protecting your digital assets and sensitive information with robust cybersecurity measures and proactive monitoring.
- **Data Analytics and Insights:** Leveraging data to provide actionable insights and enhance decision-making processes.
- **Cloud Services:** Designing, implementing, and managing cloud solutions tailored to your business needs for scalability and efficiency.

Dear Sir/Madam

**RE: TAX CLEARANCE CERTIFICATE FOR BAU SOLUTIONS LIMITED - SECTION 81B (CAP 323)**

This is to certify that BAU SOLUTIONS LIMITED trading as BAU SOLUTIONS LIMITED with TPIN 2003272223 is duly registered for tax purposes.

In addition, this tax clearance certificate has been issued to BAU SOLUTIONS LIMITED trading as BAU SOLUTIONS LIMITED pursuant to section 81 B of the Income Tax Act (CAP 323).

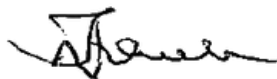

This certificate is valid up to 31/12/2024.

Accordingly, in terms of section 81 B of the Income Tax Act, for the duration of this certificate, the above named is free to conduct business in line with the trading license held.

Please note that any established act of non-compliance with the provisions of the Income Tax Act shall invalidate this Certificate.

You are advised to always scan the QR code to verify the validity of this Tax Clearance Certificate especially when submitted on a date different from the print date.

Yours Faithfully,

JOSEPH NONDE
